

America's PMS

Power

Money

Sex

America revolves

Around the holy Trinity.

If one doesn't apply

It's not important.

Let's go drive our car real fast.

Spend the credit card and

Carpe diem till we die.

Sex blazing out

Selling products we don't need.

If you can't get that special feeling...whatever.

Do what feels right and justify it at a later date.

Act loud and if someone complains?

They are too damn old.
